Regional Center for Renewable Energy and Energy Efficiency

Who we are
Work in the **Pan-Arab Region**... know how to navigate your way

Knowledge  |  Partnership  |  Replicability  |  Leadership
RCREEE’s Mission & Success Factors

“We, the Regional Center for Renewable Energy and Energy Efficiency, are the strategic partner for the Arab countries driving energy transition for the prosperity of all our people.”

(Re)Active
We are connected, accessible and responsive.

Growth
We grow with our assignments.

Variety
Our organizational structure is flexible, multinational and attractive for our stakeholders.

Trust
Our partners trust us to contribute to their competitive advantage.

Sustainability
Our business is sustainable.
RCREEE – Who we are

- Intergovernmental Organization with 17 Member States
- The technical arm of the League of Arab States
- A leader in clean energy policy dialogues, strategies, technologies and capacity development
- The first regional renewable energy and energy efficiency centers across the world
- Secretariat in Cairo, Egypt with regional antennas and a pool of short-term experts
RCREEE’s Portfolio
## Sustainable Energy Policies and Technical Support

### Intended Nationally Determined Contributions

Comprehensive Analysis on the Energy Sector for Arab Countries

- Institutional Capacity
- Finance and Investment Climate
Renewable Energy & Energy Efficiency Investments Promotion

Green Economy Financing Facility
- Provides finance and advice for private sector businesses
- Supports Egypt’s green economy transition with €140 million of financing for energy efficiency and small-scale renewable energy investments
- Technical support to develop a green investment project
- Businesses receive a partial grant

Energy Management Services
- Provides capacity building to the Banque du Caire on energy assessment procedures and classifications
- Provides energy assessments to industries
- Provides help-desk support to interested parties

Support for the establishment of Industrial Energy Efficiency (IEE) Fund
- Setting up the fund
- Actively engage in identifying interested project proponents
- Administering the procedures for project finance
- Monitoring, measurement and verification of energy savings
Bird migration protection and management through active turbine management

- Aiming to determine the optimum wind turbines operations periods during the heavy bird migratory seasons.
- An innovative coordinating and executing strategic framework

Environmental and social impact assessment and management of large-scale PVs

- Ensure application with monthly report of issues raised and actions taken or planned:
  - Child labor
  - Forced labor
  - Payroll
  - Accommodation
  - Working Conditions
Thank you!
